ABOUT THIS COFFEE

Specialty Geisha from Finca La Posada del Sol, in the Esmeralda sector of Santa Ana district (La Convención, Cusco, Peru), on the slopes near Quillabamba. Grown at 1,550 m a.s.l. and offered in three processes: washed, honey and fermented. 11% moisture and an 80% exportable yield (parchment to green).

Lot currently in post-harvest processing: when you request a sample, we will confirm when it will be ready and the volume available for each process.

EXPORT

PACKAGING
69 kg jute bags with GrainPro liner, or vacuum-sealed bags in boxes for microlots. Confirmed according to the volume of each process.

MINIMUM ORDER
From 1 bag in a consolidated shipment. Available volume per process on request.
